

MUSÉE D'ART DE JOLIETTE

During this Covid-19 pandemic, we are committed to ensuring that the following health standards are met, for the safety of all.

For the well-being of our employees, of our visitors, and of the entire community, we have implemented the physical distancing measures and health standards required by authorities.

- We ask that all those circulating in the MAJ keep a minimum 2-metre distance from others at all times and that they follow the established itinerary.
- We require the washing of hands upon arrival.
- Our employees will assist in all situations while respecting the recommended distance. If this distance cannot be maintained, the wearing of personal protective equipments will be mandatory.
- The maximum capacity of the museum is currently 135 people.

We ask that you not visit our facilities if:

- you show signs of fever, are coughing, and have difficulty breathing;
- you have travelled abroad in the last 14 days;
- you have recently been in contact with a person confirmed to have Covid-19.

Thank you for helping us prevent the spread of Covid-19.

For further information or for comments, please write us at info@museejoliette.org or call us at +1 (450) 756-0311.
